

NOTES

1. PIANO NOTES: Acoustic piano to be provided at the venue. Although I'm not particular about the make of piano, it should be recently tuned, and have a nice action. Upright pianos are preferred. Note that I will mute the piano with felt, which is placed between the strings hammers in a fashion completely non-damaging to the piano or tuning. Though not ideal, a digital piano may be used, though this should be discussed before the day of the show.
2. Piano bench to be supplied at venue unless stated
3. Mic for speaking only.
