

NATHAN SHUBERT - STAGE PLOT

Audience

Stereo DI box

Power outlet

Monitor

Speaking mic

Instrument mic

NOTES

- Piano notes:** Any piano will suffice, if in tune, with strong preference for an upright. A digital stage piano can be used if an acoustic isn't possible. If a digital is used it will be used as a midi controller, in which case all audio will come from the laptop. With upright pianos it's strongly preferred that that two mics are placed in stereo in front of the piano close to the strings.
- This monitor should be placed under the table.
- Mic for speaking only.

SUMMARY

Musicians: 1

Monitors: 2 (1 okay in small space)

Instrument mics: 2 (see piano notes)

Speaking mic: 1
